

Instructions:

1. Once you have gathered all supplies print out our bee template below using thick paper such as card stock so the tag doesn't tear or wrinkle.
2. Cut the template to the appropriate size.
3. Have the kids color the bee and flower.
4. After the tag is decorated, punch a small hole in the corner of the square and slide the ribbon through the hole.
5. Tie the ribbon and tag around the cap of the bottle of Sue Bee Honey and voilà!
